

CHEMICAL SAFETY TRAINING

MAIN REASONS WHY YOU SHOULD ATTEND THIS TRAINING:

- Comply with DOSH requirement under USECHH Regulation 2000 – All hazardous chemical handlers shall be trained at least once in two years.
- Understand the content of hazardous Chemical Labels and SDS.
- Understand the acute and chronic effects of common hazardous chemicals in industries.
- Learn how to safely handle hazardous chemicals in accordance to Malaysia legal requirements.
- Understand hazardous chemical emergency preparedness and response

COURSE MODULE

Module 1: Introduction to Chemicals.

- Understanding Chemicals.
- Hazardous Chemicals.

Module 2: Legal Requirements

- CLASS Regulation 2013
- USECHH Regulation 2000

Module 3: Classification & Labelling

- Chemical Classification
- Chemical Labelling Requirements

Module 4: SDS

- SDS Legal Requirements
- Understanding of SDS

Module 5: Hazardous Chemical Hazards

- Acute and Chemical Hazards
- Physicochemical Hazards

Module 6: Exposure Control.

- Chemical Exposure Control
- Hierarchy of Control
- PPE Management

Module 7: Safe Hazardous Chemical Handling

- Chemical Transportation and Storage
- Chemical Usage
- Waste Chemical Disposal

Module 8: Emergency Preparation and Response

- Chemical Spill
- Chemical Fire
- First Aid

WE TRAIN YOU TO BE A
COMPETENT
CHEMICAL HANDLER

HRDF
CLAIMMABLE

DATE: 22 JANUARY 2019
TIME : 9 AM – 5 PM
VENUE: NOVOTEL KL CITY
CENTRE
RATE : RM 800/ Pax
